...and the knowledge that you are giving back to the Caledonia community.

The proceeds raised by this event will be used to continuously provide education, support to local agencies, and mentoring to children of all ages in the Caledonia community.

We were excited to award Samantha Bickford, our fourth Patrick C. Combo Scholarship winner with \$1,500 to pursue her dream in Adolescent education. We look forward to awarding another senior at graduation. This scholarship is awarded to an individual that aspires to teach and has a true passion for helping others. Without this event, we would be unable to provide such opportunities to those within our Caledonia family.
