THE NEWSLETTER OF THE CALEDONIA COUNTRY CLUB

KEVIN FRICK, *Editor*

WELCOME BACK TO CCC!

The Weitzel Family would like to welcome all of our members and staff to the 2018 golf season. The Club has never looked better! A huge, heartfelt thank you to Hollie Kroening, our new Food & Beverage Manager, and Chris Pecora for their heroic efforts in cleaning up the place. Their endless energy, enthusiasm, and pride in our Club have remarkably improved our premises. The lower grill room, bar, ladies locker room, halls, upstairs bar and dining room and entrance to the Club all have a fresh, clean coat of paint. The lighting throughout the Club has been changed to daylight lighting adding a bright, inviting look. Please thank them for making a positive difference in our “home away from home.”

Daniel Hartford, our new superintendent, has been busy getting the course in good condition, despite the challenges of the spring weather.

Jason Parker has the pro shop in tip-top shape. He will be emailing events of the Club out on a regular basis. A new CCC Directory is being printed. Copies can be picked up in the pro shop and are also available on our website. Tournament plaques are being updated to honor our winners.

Kevin Keenan, photographer, has completed an aerial view of the entire course using a drone to create a map of the golf course. Pictures will also be available on our website and social media.

The Flower Power Team is hard at work making our gardens look beautiful. We greatly appreciate the work of our garden fairies and welcome anyone who wishes to “adopt” a hole and join our dedicated team.

We feel very fortunate to have a membership and staff who values Caledonia Country Club as much as we do. *Hope you enjoy the golf season!*

“We love it here and decided to join this year because it is a great course. It is not far from Chili, where we live, and I can spend Sunday afternoons on the course with my son.”

INTRODUCING DANIEL HARTFORD

Daniel, as he likes to be called, is CCC's new superintendent. He is a third generation member of our Club. His grandmother, Mary Hartford, was one of the early members of CCC, when the course was only 9 holes. His late father, Todd Hartford, inspired a love of golf in him at the early age of six

years old and he has enjoyed the game ever since.

One of his best memories on the course was his senior year on the Cal- Mum golf team. He came in second place playing in the County tournament qualifying him for the state sectionals. An honor for all.

Daniel went on to attend Brockport College earning a Bachelor of Science degree. Following college, he coached boys basketball and football for eleven years at CMCS, his alma mater.

He describes his greatest challenge as superintendent as "the pressure he puts on himself." Daniel wants to maintain CCC's reputation as "the fastest greens in western NY." Dan says, *"I really want to do a good job and carry the torch into the next generation."*

He has an 18 month old son, Logan Todd, and a girlfriend, Kristen.
